

Act would simplify how LOSAPs are taxed without increasing or reducing Federal spending or taxes. It would do this by eliminating burdensome and confusing IRS requirements that make it unnecessarily difficult for volunteer emergency personnel to receive benefits and for departments to administer plans.

Mr. President, we should take care to protect our volunteer emergency personnel who serve this country with such bravery. Our legislation would help us achieve that goal, and I urge my colleagues to join us in supporting this bill.

## SUBMITTED RESOLUTIONS

### SENATE RESOLUTION 280—COM- MENDING THE OFFICERS AND PERSONNEL OF U.S. CUSTOMS AND BORDER PROTECTION FOR THEIR WORK DURING THE CRI- SIS AT THE SOUTHERN BORDER

Mr. GRAHAM (for himself, Mr. GRASSLEY, Mr. CORNYN, Mr. LEE, Mr. CRUZ, Mr. SASSE, Mr. HAWLEY, Mr. TILLIS, Ms. ERNST, Mr. CRAPO, Mr. KENNEDY, and Mrs. BLACKBURN) submitted the following resolution; which was referred to the Committee on Homeland Security and Governmental Affairs:

S. RES. 280

Whereas U.S. Customs and Border Protection (referred to in this preamble as “CBP”) is charged with protecting the borders of the United States and facilitating travel and trade;

Whereas the Southern border of the United States is experiencing unprecedented numbers of vulnerable individuals attempting to enter the country;

Whereas, in June 2019, 104,344 individuals were apprehended at the Southern border, which is an increase of more than 140 percent, as compared to June 2018;

Whereas, as of June 2019, the number of individuals apprehended or determined to be inadmissible by CBP at the Southern border in fiscal year 2019 is 780,638, already surpassing the fiscal year 2014 total of 569,287, which was the highest such number in the preceding 5 years;

Whereas the Homeland Security Advisory Council expects Southwest border migration numbers to approach or exceed 1,000,000 individuals in fiscal year 2019 unless immediate action is taken;

Whereas, historically, the majority of individuals arriving at the Southern border have been single adult males from Mexico, but by May 2019, 72 percent of all border enforcement actions were associated with unaccompanied children and family units;

Whereas, due to the constant and increasing flow of migrants crossing the Southern border between ports of entry, financial and human resources are being diverted from the security and law enforcement duties of CBP, resulting in—

(1) fewer seizures of narcotics and illicit currency; and

(2) increased wait times at ports of entry, leading to warnings of possible produce shortages and interruptions in supply chains;

Whereas more than 40 percent of CBP resources are currently being absorbed by the humanitarian crisis at the Southern border;

Whereas the final emergency interim report published by the Homeland Security Ad-

visory Council on April 16, 2019, notes that a substantial number of individuals who are apprehended by CBP require significant personal and medical care that exceeds the ability and capacity of CBP, despite creative and humane attempts by CBP to care for such individuals in CBP custody;

Whereas CBP officers and personnel have raised concerns that overcrowding poses immediate risks to—

(1) the health and safety of the migrants; and

(2) CBP officers;

Whereas CBP officers are experiencing both physical illness and severe mental and emotional distress as a result of the crisis at the Southern border;

Whereas, in May 2019, the Commissioner of CBP requested an additional \$2,100,000 for the Employee Assistance Program of CBP in order to offer additional counseling services to CBP officers and personnel to respond to “unanticipated critical incidents and other emerging crises, such as the unexpected response required for migrant caravans, employee suicides, and the need for a financial wellness program”; and

Whereas, in the face of the most difficult circumstances, CBP officers and personnel continue—

(1) to work undaunted to protect the Southern border; and

(2) to care for the migrants in CBP custody; Now, therefore, be it

Resolved, That the Senate—

(1) commends the men and women of U.S. Customs and Border Protection, including Border Patrol personnel, Office of Field Operations personnel, Air and Marine Operations personnel, Office of Trade personnel, and all support personnel and their allies for their continued honorable service during the challenging humanitarian crisis at the Southern border; and

(2) calls on Congress to pass legislation to support U.S. Customs and Border Protection officers and to manage the increasing flow of migrants attempting to enter the United States.

### SENATE RESOLUTION 281—COMMIT- TING TO ELEVATE THE VOICES, LEADERSHIP, AND NEEDS OF COMMUNITIES THAT FACE SYS- TEMIC BARRIERS IN THE EF- FORT TO END SEXUAL VIOLENCE AND SUPPORT ALL SURVIVORS OF SEXUAL VIOLENCE AND GEN- DER-BASED VIOLENCE, INCLUD- ING IMMIGRANT SURVIVORS, SURVIVORS WHO ARE INCARCER- ATED, SURVIVORS WITH DIS- ABILITIES, SURVIVORS OF COLOR, AMERICAN INDIAN OR ALASKA NATIVE SURVIVORS, SURVIVORS OF CHILD SEXUAL ABUSE, AND LESBIAN, GAY, BI- SEXUAL, TRANSGENDER, QUEER, AND INTERSEX SURVIVORS

Whereas the 2015 United States Transgender Survey found that—

(1) 47 percent of transgender people have been sexually assaulted; and

(2) among transgender people of color, 65 percent of Native Americans, 59 percent of multiracial people, 58 percent of Middle Eastern people, and 53 percent of African Americans have been sexually assaulted;

Whereas the Association of American Universities Campus Climate Survey on Sexual Assault and Sexual Misconduct found that nearly 1 in 4 transgender, genderqueer, gender non-conforming, or questioning students experience sexual violence while pursuing an undergraduate degree;

Whereas the National Sexual Violence Resource Center found that 78 percent of transgender or gender non-conforming youth are sexually harassed during the period beginning in kindergarten and ending in 12th grade;

Whereas the Centers for Disease Control and Prevention 2010 National Intimate Partner and Sexual Violence Survey found that—

(1) 44 percent of lesbian women and 61 percent of bisexual women experience rape, physical violence, or stalking by an intimate partner, compared to 35 percent of heterosexual women; and

(2) 40 percent of gay men and 37 percent of bisexual men have experienced sexual violence other than rape, compared to 21 percent of heterosexual men;

Whereas, according to a research report by the National Institute of Justice, 56.1 percent of American Indian and Alaska Native women have experienced sexual violence;

Whereas sexual violence also affects adolescent girls and, according to the National Women's Law Center 2017 Let Her Learn Survey, 1 in 5 girls aged 14 to 18 has been kissed or touched without consent, including 24 percent of Latina girls, 23 percent of Native American girls, and 22 percent of Black girls;

Whereas studies show that sexual violence and gender-based violence are underreported crimes, indicating that the rates of sexual violence and gender-based violence may be even higher than these estimates;

Whereas too many survivors from communities that face systemic barriers are ignored, blamed, and cast aside when seeking support after experiencing a form of sexual violence or gender-based violence;
